Consideration:

The Securities and Exchange Commission of Pakistan (SECP) has recently introduced notable modifications to the Shariah Governance Regulation and Shariah Screening Regulation for the year 2023. These amendments center around key criteria:

1. Business of the investee company

The business of the investee company should be Halal. Accordingly, investment in shares of conventional banks, insurance companies, leasing companies, companies dealing in alcohol and any other non-compliant activities is not permissible.

2. Interest-Bearing Debt to Total Asset Ratio:

The revised regulation stipulates that companies undergoing Shariah screening must ensure that their interest-bearing debt does not surpass 37% of their total assets.

3. Investment in non-Shariah compliant activities and income from non-Shariah compliant investments:

The following two conditions must be observed for share screening purposes:

- A- Investment in Shariah non-compliant activities should not exceed 33% of the total assets.
- B- Income from Shariah non-compliant investment should not exceed 5% of the gross revenue. (Gross revenue means gross sales plus other income). Subsequently, giving the proportionate portion of non-compliant income to charity is required to purify earnings from investee companies.

4. Illiquid Asset to Total Asset Ratio:

The updated requirement mandates a minimum of 25% for the proportion of illiquid assets in relation to the total assets of screened entities.

5. Net liquid assets versus share price:

The net liquid assets [**Net Liquid Assets = Total Assets – Illiquid Assets – Total Liabilities**] per share should be less than the market price of the share.

In response to this regulatory update, Al Hilal Shariah Advisors (Pvt) Limited has promptly aligned its practices with the new guidelines established by the SECP. The commitment extends beyond mere compliance at the time of notification; Al Hilal Shariah Advisors affirms its dedication to ongoing adherence to these regulations in the course of its operations.
